

Barry Mangum, PharmD, FCP

SUMMARY

35 years in Pharmacotherapy and Pediatric clinical research and education.
BA in Chemistry from UNC-Wilmington, NC; BS and Doctorate of Pharmacy from Medical University of South Carolina-Charleston.

AREAS OF EXPERTISE

Pediatric Clinical Research, Pediatric Clinical Trials Implementation (all phases), Development Plans, Clinical Trials Staff Management, Contract Management, Regulatory Issues Resolution, Research Infrastructure Planning (from funding to implementation), Raising Capital, Consultative and Scientific Advisory Services, Education/Teaching, Customer Service.

PROFESSIONAL EXPERIENCE: ACADEMIC

Associate Professor, Clinical Pharmacology, Duke University Medical School (2003-2015)

Director, Clinical Pharmacology, Duke Clinical Research Unit (2008 - 2015)

Assistant Professor, Pediatrics, Duke University Medical School (2003-2015)

Director, Neonatal/Pediatric Pharmacotherapy (1989-1998)

Wake Area Health Education Center (AHEC), Raleigh NC, (1989-1998)

Clinical Associate Professor, UNC-Chapel Hill (1989-1998)

Schools of Medicine and Pharmacy, Department of Pediatrics/Pharmacotherapy

Director of Pharmacy Clinical Services, Wake AHEC, Raleigh NC (1986-1989)

Clinical Assistant Professor, UNC-Chapel Hill

Schools of Medicine and Pharmacy, Department of Pediatrics/Pharmacotherapy (1983-1999)

PROFESSIONAL EXPERIENCE: CORPORATE

Paidion Research, Inc. As CEO and Co-Founder, responsible for overall management and success, vision and mission. Implement clinical trials in all phases of pediatric drug development. Raise capital.

Executive Director, Neonatal Programs: Inhibitex, Inc., Alpharetta, GA

Responsible for overall leadership, management and direction of INH-A21 neonatal programs in neonatal sepsis. Implemented clinical trials in all phases of drug development for INH-A21. Managed contracts and regulatory issues associated with the first neonatal programs.

Senior Director, Pediatric Clinical Development Services: Quintiles, Inc., RTP, NC

Responsible for overall leadership, management and direction of group. Developed strategies for success by creating sound pediatric clinical development plans for large pharmaceutical clients. Provided consultative and scientific advisory services related to neonatal and pediatric project plans. Delivered excellent customer service to enhance business relationships and revenues.

Associate Director: WakeMed Clinical Research Institute, Raleigh, NC

Responsible for overall management of clinical staff implementing Phase II through IV clinical trials. Designed total infrastructure for institute, from proposal funding to implementation. Served as sub-investigator on more than 50 clinical trials.

CONSULTANT APPOINTMENTS: (1987 – Present)

United States Food and Drug Administration, Glaxo Wellcome, Bayer, Wyeth, King Pharmaceuticals, PBM, Inhibitex, Shire Pharmaceuticals, Bristol-Myers Squibb, Solvay, Alza, Novartis, Reliant Pharmaceuticals, Merck Pharmaceuticals, Medex, Ross Laboratories, Abbott Laboratories, Baxter Healthcare, Alpha Therapeutics, IEP Group, Inc., Ohmeda, Air Shields, SpaceLabs Medical, Corometrics, TAP, AstraZeneca, First Horizons Pharma, FSC Labs, Pfizer, Ovation Pharma, Avaxia Biologics, Kirin Pharma, GW Pharmaceuticals, Alios Pharmaceuticals and AbbVie.

CURRENT RESEARCH PROJECTS

NEMO- EU-FP-7 Novel Treatment for Post Asphyxia Seizure Disorder in the Neonatal Patient, Study Number 241479, Total funding \$15,000,000 over five years. 2009- present.

NIH-NIDA- Novel Ondansetron Formulation for Combination Treatment of Psychostimulant Abuse, Grant Number: 1RC2DA028905-01, total funding \$2,200,000 over two years. 2009-present.

NIH Clinical and Translational Science Award (CTSA), supported 65% effort for clinical pharmacology research unit. \$53,000,000 total award, 2006-present.

NIH-NICHD- Pediatric Pharmacology Research Unit, co-awarded with University of North Carolina at Chapel Hill, total funding \$350,000 annually. 2003-present

Mangum, O.B., Young, T.E. A Multicenter Program to Evaluate EMLA Cream for Skin Anesthesia in Children Undergoing Selected Invasive Procedures, Protocol Number:92-EML-14, NDA Number: 19-941, Astra Pharmaceuticals Funding thru Premier Hospital Alliance, Inc., total funding \$1200.

Young, T.E. Mangum, O.B. A Randomized Control Trial of Surfactant Administration in Neonates Using a Modified Endotracheal Tube. Funded by Ross Labs and Burroughs Wellcome, total funded \$40,000.

Mangum, O.B., Young, T.E. In Vitro Compatibility of Albuterol and Dexamethasone in a Nebulizable Solution. Funded by Glaxo, Inc. Total funding \$8,000.
